**Re: In the Matter of Application to Assign Licenses from Maritime
Communications/Land Mobile, LLC, Debtor-in-Possession, to Choctaw
Holdings, LLC WT Docket No. 13-85 File No. 0005552500**

Dear Ms. Dortch:

My name is Rodney Dir, CEO of Spectrum Bridge and a creditor with a valid claim against Maritime Communications/Land Mobile, LLC ("MCLM") recognized in the Bankruptcy Court in the Northern District of Mississippi. We have become aware of the "Request to Extend Time and Request to Compel MCLM to File a Required Section 1.65 Update and Request to Provide a Supplemental Public Notice" ("Motion") filed by Warren Havens ("Havens") on behalf of himself and various entities. The Commission should dismiss or deny the Motion because it would create unnecessary delay and harm innocent creditors to the bankruptcy proceeding.

As a creditor in this bankruptcy proceeding we have a significant sum of money at risk. Mr. Havens has been aware that Choctaw was going to seek assignment of the MCLM Licenses pursuant to the orders of the Bankruptcy Court for several months, and he simply has not provided any valid reasons to grant an extension of time to respond to the instant applications. This process should continue to move according to the calendar established by the Federal Communications Commission in the Public Notice dated March 28, 2013.

I look forward to an expeditious decision on the issues so that the Bankruptcy Plan can be implemented as soon as possible.

Respectfully submitted,
